**[EPA-R05-OAR-2016-0645 FRL-9962-10-Region 5]**

**Air Plan Approval;** Indiana; Commissioner's Orders for SABIC

Innovative Plastics

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve as a revision to the Indiana State Implementation Plan (SIP) a submittal from the Indiana Department of Environmental Management (IDEM) to EPA, dated December 5, 2016. The submittal consists of an order issued by the Commissioner of IDEM that establishes permanent and enforceable sulfur dioxide (SO<sub>2</sub>) emission limits for SABIC Innovative Plastics (SABIC). IDEM submitted this order so the area near SABIC can be designated "attainment" of the 2010 primary SO<sub>2</sub> National Ambient Air Quality Standards, a matter that will be addressed in a separate future rulemaking. EPA's approval of this this order would make these SO<sub>2</sub> emission limits and applicable reporting, recordkeeping, and compliance demonstration requirements part of the federally enforceable Indiana SIP.

**DATES:** Comments must be received on or before **[insert date 30**

**SUPPLEMENTARY INFORMATION:** In the Final Rules section of this Federal Register, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see

the direct final rule which is located in the Rules section of this Federal Register.
